Hon. Stacy L. Ruble, Secretary
Postal Regulatory Commission
901 New York Avenue NW, Suite 200
Washington, D.C. 20268-0001

Dear Mr. Ruble:

In connection with the Commission's rules pertaining to periodic reports, 39 C.F.R § 3050 (2016), I have enclosed copies of the following:

USPS Annual Tables, FY 2017 TFP (Total Factor Productivity)

We are providing a Public and Non-Public version of the report. I have uploaded electronic copies of each of these files to their respective Public and Non-Public folders on the United States Postal Service Secure Large File Transfer Web Application portal (USPS SLFT).

The Public version does not contain information pertaining to competitive products that the Postal Service believes is commercially sensitive. The Non-Public version, however, includes the commercially sensitive information withheld from the Public version. In the letter of Daniel J. Foucheaux, Jr., to the Commission, dated January 30, 2015, which transmitted these reports for FY 2014, Mr. Foucheaux explained the justification for withholding the information contained in the Non-Public version. We hereby incorporate that explanation by reference.¹

Best regards,

/s/

cc: Ms. Taylor

¹ In addition, the changes to the FY 2014 report described in the letter of Mr. Foucheaux dated January 30, 2015, are also reflected in the FY 2017 report.
